Homelessness

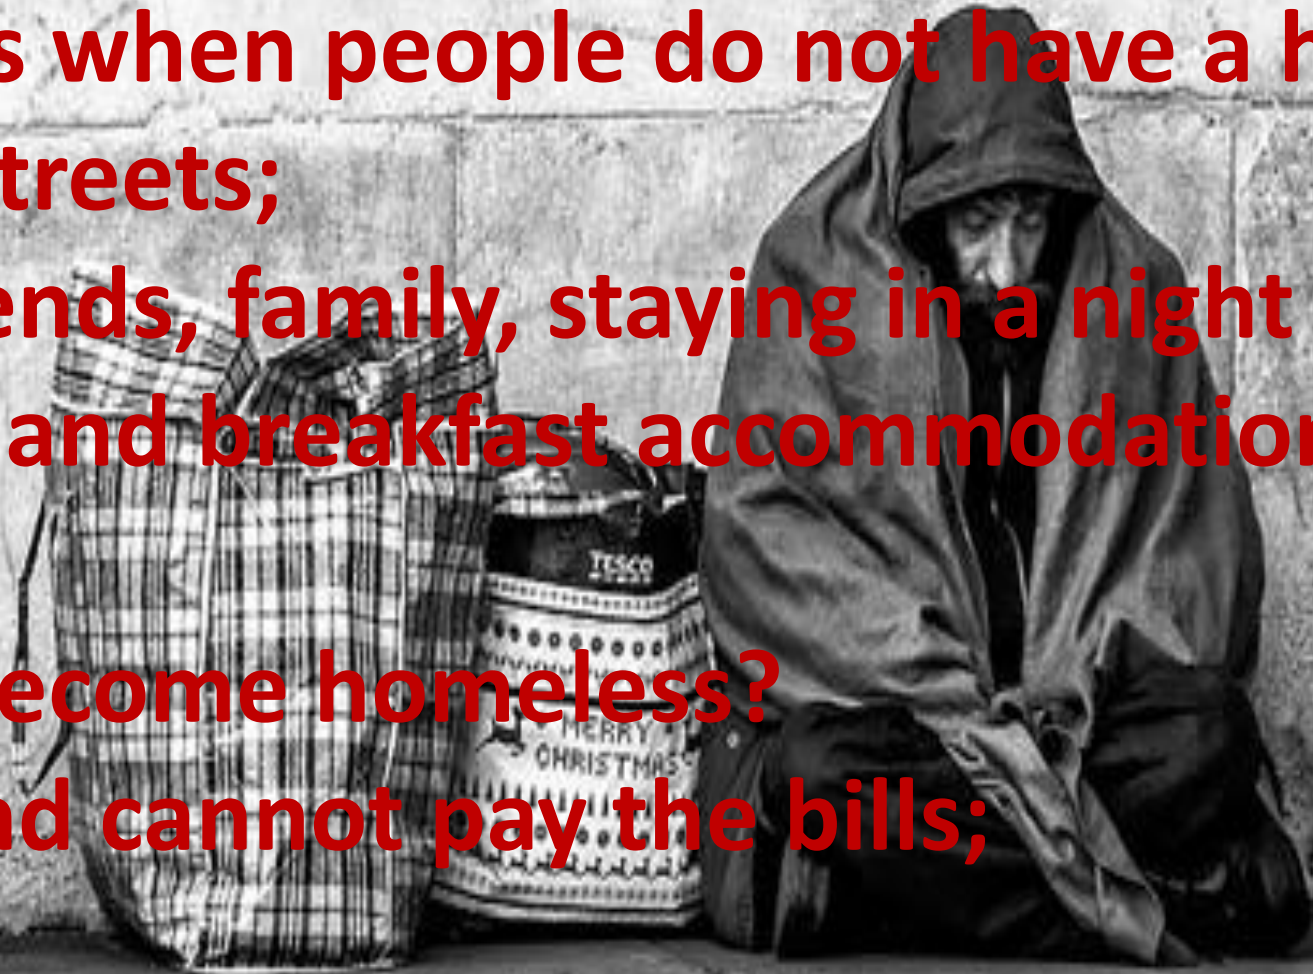

What does homelessness mean?

Being homeless is when people do not have a home.

- Living on the streets;
- Living with friends, family, staying in a night shelter or bed and breakfast accommodation

Why do people become homeless?

- Losing a job and cannot pay the bills;
- Poverty
- Lack of affordable housing

In the United Kingdom, over 400,000 are homeless with more than 4,000 people living on the streets.

A young boy with a short haircut is shown in profile, looking down with a sad expression. He is wearing a dark t-shirt. The background is a blurred city skyline with a tall building visible. A speech bubble containing text is overlaid on the left side of the image.

"In a perfect world, I would buy every homeless person a house. But since I can't do that, I will try to help as much as I can."

The logo features two stylized red hands, one at the top and one at the bottom, with fingers slightly curled as if holding something. Between the hands, the word "iAM" is written in a large, bold, black sans-serif font. Above the top hand, the word "PROJECT" is written in a smaller, white, bold, sans-serif font, set against a red rectangular background. The entire logo is centered on a white background with faint, light gray text and graphics in the background, including a circular arrangement of words and a faint outline of a person's head.
